

Fayetteville Manlius All Sports Booster Club

P.O. Box 561
Manlius, NY 13104

Coach / Off Season Sports Program Director,

The FM School District requires that off season use of the buildings and grounds at the FM School District t to be covered by an independent property liability insurance policy.

To allow coaches to continue offseason work with the student athletes and to help the coaches with the required insurance coverage, The Fayetteville Manlius All Sports Booster Club (FMASBC) has obtained such a property liability insurance policy. The FMASBC pays for this policy out of our 'General Fund' but does ask that the off season sport program assist in this expense if and when possible. We ask that the program help offset the FMASBC cost of this insurance coverage in accordance with the following scale:

Number of Participants	Insurance Reimbursement
0-20	\$ 100.00
21-50	\$ 200.00
50-100	\$ 250.00
100 +	\$ 300.00

Please note that the FMASBC insurance policy is NOT a personal injury policy it is a property policy. If the school district requires an additional participant injury policy then your program will have to pursue such coverage yourself.

For your off-season program to be included and covered by the FMASBC insurance policy please complete the following and return as directed below:
